Primarily funding programs that service a significant geographic region and lead to active and healthy lifestyles through involvement in sport, the fund supports communities that introduce sport to new participants, reduce participation barriers, and teach physical literacy and fundamental sport skills

The Provincial Sport Development Fund is supported through bilateral contributions from the Province of BC and the Government of Canada and administered through viaSport British Columbia.

## REVIEW CRITERIA AND SELECTION PROCESS:

Grant funding is allocated through a competitive application-based process. Eligible applications are evaluated by a review panel consisting of sport sector experts. The panel members are chosen to ensure balanced representation. The panel bases their recommendations and funding level based on the eligibility and assessment criteria described in these guidelines and guidance from viaSport, but reserves the right to recommend an application that falls outside of these guidelines if the project still supports the overall objective of the program.

### OVERARCHING ASSESSMENT:

- Merit of application
- Scope of programming
- Availability of funding
- Equitable geographic or demographic distribution

Priority will also be given to organizations that tailor their delivery to offer specific outreach and programming directed to equity seeking groups, including (but not limited to): people with disabilities, lower income families, Indigenous peoples, immigrants and new Canadians, 55+ adults, and girls, women, and non-binary genders.
